3. ASSIGNMENT OF SPACE

For all Applications & Contracts received on or before Friday, July 8, 2022, space is assigned via Online Space Selection the week of July 25. For all Applications & Contracts received after the Online Space Selection is complete, space will be assigned on a first-come, first-served basis.

The priority point system outlined below will be used to assign exhibit space during Online Space Selection for Applications & Contracts received on or before July 8, 2022.

- 1 point per year for AHE Exchange Conference participation since 2002
- 1 point per 10' x 10' booth space at Exchange 2019 (non-cumulative)

There is a one-year grace period for not exhibiting. If an Exhibitor does not exhibit for two consecutive years, all accumulated points are then forfeited. The only points that will carry over year to year will be points for participation as an exhibitor.

If there is a priority point tie, a lottery will be held to see which company selects first. If an Exhibitor changes their name, it is their responsibility to inform AHE Show Management. Because it is nearly impossible to contact all exhibitors for new selections of booth space, AHE Show Management reserves the right to assign the next most suitable space when the requested space is not available. AHE and AHE Show Management also reserves the right, at its sole discretion, to modify the floor plan to accommodate space sales or to avoid conflicts, and, should conditions dictate, AHE reserves the right to adjust the floor plan and relocate exhibit booths as necessary. If payment is not received with an Applications & Contract prior to space selection, your company will not be included in the priority point assignment. The preferences given for booth space locations are guidance and are not guaranteed by AHE.

If an Exhibitor is acquired by another Exhibitor prior to the initial space selection, the Exhibitors may select booth space using the priority point status of the highest Exhibitor if exhibiting together. Priority points are not combined. If an Exhibitor is acquired by another Exhibitor after their initial space selection, the acquired Exhibitor can retain its originally contracted space, move to the acquiring Exhibitor's booth or alternately combine booth square footage and move to a new location. Exhibitors are obligated financially for the total square footage contracted by each Exhibitor. AHE reserves the right to require Exhibitor to provide documentation of acquisition.

All Exhibitors should frequently review their space location and changes to neighboring booths/areas for updates to the floor plan. It is the Exhibitor's responsibility to keep up with changes to their assigned area. AHE anticipates alterations to the initial plan and cannot be held responsible for changes that may affect a participating Exhibitor's selection of space.

AHE Show Management will maintain a waitlist for any Exhibitor who wishes to be placed in a different booth location after their initial selection. To be added to the waitlist, the Exhibitor shall submit a written request, including the requested size of space to AHE@smithbucklin.com. Exhibitors are added to the waitlist on a first-come, first-served basis based on date and time of email receipt by AHE Show Management.

AHE reserves the right to change Event hours, schedule or dates, to rearrange the floor plan, and/or to relocate any Exhibitor as it deems necessary at any time.

4. PAYMENTS, CANCELLATIONS & REFUNDS

Exhibitor must remit a 100% percent of their total fees within 30 days of receipt of their invoice from AHE Show Management. Full payment must be received on or before Friday, September 16, 2022, regardless of Applications & Contract submission date. An Exhibitor's eligibility to exhibit in the Event must remain in effect from the time of submission of the Application & Contract to the time of the Event and should AHE determine that an Exhibitor which it had previously determined was eligible to exhibit at the Event is no longer eligible to do so, AHE may notify the Exhibitor and may terminate the Application & Contract without liability upon written notice to Exhibitor. APPENDIX

BOOTH CONSTRUCTION | DISPLAY RULES AND REGULATIONS

STANDARD INLINE BOOTH

Inline booths have only one side exposed to an aisle and are generally arranged in a series along a straight line. Individual booths may be combined to form a larger inline booth space.

Dimensions

For purposes of consistency and ease of layout, all inline booths are 10' (3.05177) across the front and 10' (3.05m) deep.

Use of Space

Regardless of the number of inline booths utilized, e.g. 10' by 20' (3.05m by 6.10m), 10' by 30' (3.05m by 9.14m), 10' by 40' (3.05m by 12.19m) etc., display materials should be arranged in such a manner as not to obstruct sight lines of neighboring Exhibitors. The maximum height of 8' (2.44m) is allowed in the rear of the booth space, with a 4' (1.22m) height restriction imposed on all materials within 5' (1.52m) of an aisle. When two (2) or more inline booths are used in combination as a single exhibit space, the 4' (1.22m) height limitation is applied only to that portion of exhibit space which is within 10' (3.05m) of an adjoining booth.

10' X 10' LINEAR BOOTH

CORNER BOOTH

A corner booth is an inline booth exposed to aisles on two (2) sides. All other guidelines for inline booths apply.

PERIMETER BOOTH

A perimeter booth is an inline booth that backs up to an outside wall of the exhibit facility rather than to another exhibit. All guidelines for inline booths apply to perimeter booths with the exception that the maximum back wall height is 12' (3.66m).

PENINSULA BOOTH

A peninsula booth is exposed to aisles on three (3) sides and composed of a minimum of four (4) booths. When combining booths to create a peninsula booth, any service aisle space becomes part of the usable booth space. Backwalls must be finished and cannot contain copy. There are two (2) primary types of peninsula booths: one which backs up to inline booths and one which backs up to another peninsula booth and is referred to as a split island booth.

Dimensions

A peninsula booth is usually 20' wide (6.10m). When a peninsula booth backs up to two (2) inline booths, the backwall is restricted to 4' (1.22m) in height within 5' (1.52m) of the aisle and 10' (3.05m) of the adjoining booths. 16' (4.88m) is the maximum height allowance for the center portion of the backwall, exhibit fixtures, components and identification signs.

SPLIT ISLAND BOOTH

A split island booth is a peninsula booth that shares a common backwall with another peninsula booth. The entire cubic content of this booth may be used up to the maximum content of 16' (4.88m), including signage. Backwalls must be finished and can not contain copy.

ISLAND BOOTH

An island booth is any size booth exposed to aisles on all four (4) sides. The entire cubic content of this booth may be used up the maximum content of 16' (4.88m), including signage.

Exhibitors may delete booths from the floor plan to form an island only, and only, if the total number of booths on both sides of the aisle totals 400 square feet or more (see diagram below).

IMPORTANT BOOTH CONSTRUCTION DISPLAY CONSIDERATIONS

CANOPIES & CEILINGS

Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or for hanging products). Canopies for inline or perimeter booths should comply with line of sight requirements and may not protrude into the aisle.

The base of the canopy should not be lower than 7' (2.13m) from the floor within 5' (1.52m) of any aisle. Canopy supports should be no wider than 3" (7.62cm). This applies to any booth configuration that has a sightline restriction, such as an inline booth. Fire and safety regulations for the convention center may apply to canopies and ceilings and will be included in the Exhibitor Services Manual made available to Exhibitors 90 days prior to show opening. The convention center has reserved the right to update, change or amend its rules and regulations after publication in the Exhibitor Services Manual.

HANGING SIGNS & GRAPHICS

Hanging signs and graphics are permitted in all peninsula, modified peninsula, split island and island booths to a maximum height of 16' (4.88m) to the top of the sign. Whether suspended from above or supported from below, they should comply with all use-of-space requirements. If within 5' (1.53m) of an adjacent booth, and if the placement complies with the use-of-space requirements, the side facing the adjacent booth should be finished and not contain any copy.

MULTI-STORY EXHIBITS

A multi-story exhibit is permitted in all peninsula, modified peninsula, split island and island booths to a maximum height of 16' (4.88m). Multi-story exhibits require approval and building permits from the convention center and the fire marshal. Exhibitors should obtain permits early on to ensure that all time constraints are met. Additional information will be included in the Exhibitor Services Manual made available to Exhibitors 90 days prior to show opening.

ISSUES COMMON TO ALL BOOTH TYPES

STRUCTURAL INTEGRITY

All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring Exhibitors, hall labors or installation/dismantling equipment such as fork lifts. Displays should be able to withstand moderate wind effects that may occur in the Exhibit Hall when freight doors are open. Exhibitor should ensure that any display fixtures such as tables, racks or shelves are designed and installed properly to support the product or marketing materials to be displayed upon them.

FLAMMABLE AND TOXIC MATERIALS

All materials used in display construction and decorating should be made of fire retardant materials and be certified as flame retardant. Exhibitors should dispose of any waste products they generate during the exhibition in accordance with guidelines established by the Environmental Protection Agency (EPA) and the facility.

STORAGE

Fire regulations prohibit storing product, literature, empty packing containers or packing materials behind drapes. In most cases, however, Exhibitors may store a limited supply of literature or product appropriately within the booth area, as long as these items do not impede access to utility services, create a problem or look unsightly.
